- Frontend Development : HTML,CSS,JavaScript
- Other skill : Web Development

PROJECT

Securing ATM Transaction with Facial Recognition based Verification System

MAY 2025

Technologies used : Python , OpenCV , Flask , HTML , CSS , JavaScript , Sql server

- Implements facial recognition to verify user identity before allowing ATM access.
- Enhances transaction security by replacing or supporting traditional PIN-based authentication.
- Prevents unauthorized access and fraud through real-time biometric verification.

Chat Web Application using Django Framework

AUG 2024

Technologies used : HTML , CSS , JavaScript , Django framework , Websocket , SQLite

- Integrated Django Channels to enable asynchronous message communication.
- Used Redis as a channel layer for efficient message handling and delivery.
- Implemented user authentication for secure login and personalized chats.

EDUCATION

Bachelor of Computer Science and Engineering

Sep 2021 - Jun 2025

Theni Kammavar Sangam College of Technology

CGPA: 83%

Higher Secondary Certificate (HSC)

Jun 2020 - Apr 2021

NSKP Higher Secondary School - 78%

Secondary School Leaving Certificate (SSLC)

Jun 2018 - Apr 2019

NSKP Higher Secondary School - 69%

ACHIEVEMENTS

- **Certifications** : BSNL In-Plant Training (2023) , Phoenix Softech - Web Development (2024), Ybi Foundation - AI & ML(2024) , Frontend Design Course HTML,CSS (2024).
- **Award** : Participated in PROJECT EXPO-2025 held at Theni Kammavar Sangam College, and My project has been recognized as one of the best project in the event.
